PCMH Patient-Provider Partnership Agreement

Made Between Karle Medical Group and You (Our Patient)...

As a Patient-Centered Medical Home, we are committed to your life-long health and well-being. We believe that to achieve this goal there must be a partnership between the patient and your medical provider (physician or nurse practitioner). Below are just a few of the highlights of what you can expect from your relationship with Karle Medical Group. We commit to a large number of other ongoing activities and technologies to support our Patient Centered Medical Home. We hope that you will take the opportunity to ensure your health and well-being as vigorously as we will.

We agree to work together to...

- Care for short term illnesses and manage long-term chronic diseases
- Achieve and maintain your health over your lifetime

You agree to work together to...

- Be open and honest in providing your doctor with your health-related information
- Agree to keep scheduled appointments at our office as well as with any specialists
- Follow the medical care plan that is agreed upon at your office visit as best you can
- Participate in developing an action plan to self-manage a chronic condition (such as diabetes, asthma, etc.) if applicable
- Take steps to achieve a healthy lifestyle and get preventive services
- Agree to ask questions if you do not understand any portion of your health care
- Notify us if your insurance, prescription coverage or financial situation changes

Your Medical Provider agrees to work together to...

- Respect your privacy and keep the information confidential
- Offer appropriate medical advice and information based on current recommendations
- Engage in an open and honest discussion of all treatment options
- Seek opinions from high quality specialists, when needed, for your care
- Help to keep your healthcare affordable
- Ensure access to care after hours (by answering service, phone, urgent care or ER) if needed

Financial Responsibility Statement

This information is accurate and true to the best of my knowledge. I acknowledge and accept responsibility for payment of services rendered, including reasonable attorney's fees and costs of collection in the event of default. I understand that co-payment, deductibles, and patient balances are due at the time of service. If I do not pay at the time of service I will be charged a \$5.00 account maintenance fee. I further understand that if a payment becomes 120 days past due, delinquency at the lesser of the annual rate of 26%, or the maximum allowable rate will be due on delinquent amounts from the date the payment was due. Any debt that is over 365 days overdue will be charged a 50% collection agency fee which will be required to be paid by the owing patient.

Patient Portal Form

In order to provide you with the best possible care that we are able, we ask that you provide Karle Medical Group with your email so that we can send you a registration invitation for our patient portal. Why should you consider the patient portal?

WHAT IS IT?

The patient portal is an online tool that provides anywhere, anytime access to your personal health records, and enables you to take a proactive role in managing your care.

WHY SHOULD PATIENTS USE IT?

With the portal patients can:

- Review their medical records online in a safe, secure environment
- Communicate privately with physicians via secure messaging
- View test and lab results, read medical notes from their doctor
- Update health information (allergies, medications, conditions, etc.)
- Request Rx refills
- Request or change appointments
- Fill out and submit forms prior to appointments
- View and pay bills

Name(Print Legibly): _____ Date of Birth: _____

Email Address: _____

(Initial)_____ I would like the patient portal invitation sent to me.

(Initial)_____ I would **NOT** like the patient portal invitation sent to me.

(Initial)_____ I have already signed up with the patient portal.

Office Visit Charges Notice of Responsibility at Time of Service

Patient Name: _____ Doctor: _____

Patient DOB: _____ Date: _____

Office Visit Responsibility at Time of Service:

1) For All Patients:

Because of the changes associated with the Affordable Care Act, beginning in 2014, most patients will be responsible for significant portions of their healthcare costs as out of pocket expenses. As a consequence, Karle Medical Group has determined that it is necessary to collect deductibles, co-pays, and co-insurances at the time of service for any patient seeing a healthcare provider for which such patient expenses are customary. Please be aware that when calculating such expenses, we err on the side of caution on your behalf, so balances will be calculated for patients with deductibles and co-insurance for only the office visit portion of the charges and not for any in office labs or procedures.

2) For HMO Patients Only:

Normally my HMO insurance requires that I be assigned to a Primary Care Physician (PCP) prior to my insurance coverage being engaged for office visit coverage at a PCP’s office. If I have chosen to postpone my assignment to one of the Karle Medical Group medical practitioners as my PCP until after I complete my initial office visit I accept responsibility for any and all charges associated with my office visit in the event that I decide not to assign a Karle Medical Group physician as my PCP office.

I, _____, have read this patient information sheet and acknowledge that the requirement of this form and my acceptance of responsibility for office visit charges is standard practice for my insurance in cases such as this.

Notice of Potential Out-of-Pocket Expenses at Preventative Care Visits

Preventative services are an essential part of maintaining your overall health and are often covered by insurance at no cost to you. However, if diagnostic services or prescription drug management are required during your visit, additional charges may apply and could result in out-of-pocket expenses. For any questions regarding your insurance coverage, please contact your insurance provider directly.

Preventative vs. Diagnostic Services

Preventative Services: Routine screenings, tests, and counseling intended to prevent or detect health issues before symptoms arise. Examples include:

- Annual wellness exams
- Immunizations
- Routine screenings (e.g., mammograms for patients without symptoms, referral for screening tests such as colonoscopy, etc.)
- Counseling for lifestyle and risk factor management

Diagnostic Services: Tests, evaluations, or procedures performed to diagnose or investigate symptoms, abnormal findings, or health concerns addressed during your visit. Examples include:

- Blood work or imaging to evaluate a suspected condition
- Evaluation and treatment of new or existing symptoms
- Follow-up tests based on abnormal screening results
- Prescription drug management, including refills, adjustments, or new prescriptions
- Referral to specialist healthcare providers for further evaluation or treatment
- Orders for advanced diagnostic testing, including high-tech radiology, ultrasound, and X-ray

Financial Responsibility

If your healthcare provider determines that additional diagnostic services or prescription drug management are necessary during your preventative visit, your insurance plan may apply cost-sharing requirements such as co-pays, deductibles, or co-insurance.

If diagnostic services or prescription drug management are required but not performed during this visit, you may be required to return to the clinic for those services at a later date.

By signing below, you acknowledge that you understand the distinction between preventative and diagnostic services and that you may be responsible for out-of-pocket expenses if diagnostic services or prescription drug management are rendered during your visit.

Prior Authorizations – Patient Participation

- Prior Authorizations for diagnostic testing, specialist care, and medications are common these days
- Nearly all private medical plans require them for some services
- We support our patients by working to get necessary prior authorizations approved
- This is not always possible without additional communication and possibly participation in the form of information gathering from a given patient

We ask that you acknowledge that in our effort to acquire approval that your insurance requires *you may be asked to provide information that requires calling your insurance, servicing provider, pharmacy or specialist provider*. We ask that you participate in your healthcare with courtesy and professional communication when asked. We are involving you in order to ensure that you obtain the healthcare services that you need and have those services processed by your insurance with the correct information so that their coverage decisions are correct according to your insurance plan.

Information needed for prior authorizations of services

- Service Provider Name (Specialist Physician, Hospital Location, Physical Therapy Office)
- Address
- Phone Number
- NPI (If Possible)
- Service being requested (Office visit, MRI of Body Part, etc.)
- Reason for Services (Knee pain, heart murmur, etc.)

Information for medication prior authorizations

It is less frequent that we need information from our patients regarding medication prior authorizations. Normally we have the information available to complete the required forms through CoverMyMeds.com because pharmacies are generally the initiators of the prior authorizations. So medical information is most of the data required for medication prior authorizations. In the even that we do need information it is typically related to prescription coverage information.
